(vi) Relevant Date with reference to which the price has been arrived at

In terms of the provisions of Chapter V of SEBI ICDR Regulations, relevant date for determining the floor price for the Preferential Issue of the Equity Shares is March 28, 2025, which is the preceding working day to the date 30 days prior to the date of this Meeting ("**Relevant Date**").

(vii) Basis on which the price has been arrived at and justification for the price along with the report of the Registered Valuer

The Equity Shares of the Company are listed on BSE Limited ("**BSE**") (referred to as the "**Stock Exchange**"). The Equity Shares are frequently traded in terms of the SEBI ICDR Regulations.

In accordance with regulation 166A(1) of the SEBI ICDR Regulations, the Company is not required to obtain a valuation report from an independent registered valuer since the proposed Preferential Issue is not expected to result in a change in control or allotment of more than 5% (five per cent) of the post issue fully diluted share capital of the Company. Additionally, the Company being a listed company is also exempted by rule 13(1) of the Companies (Share Capital and Debentures) Rules, 2014 from undertaking valuation of its shares. However, the Company has appointed Mr. Subbarao Kesavarapu, Independent Registered Valuer having IBBI Registration No. IBBI/RV/02/2019/12292 for determining the floor price.

In terms of the SEBI ICDR Regulations, the floor price determined by the valuer, at which the Equity Shares can be issued is Rs. 201.92 (Rupees Two Hundred and One and Paise Ninety-Two only) per Equity Share, as per the pricing formula prescribed under the SEBI ICDR Regulations for the Preferential Issue and is the highest of the following:

- (a) 90 (ninety) trading days volume weighted average price (VWAP) of the Equity Shares of the Company preceding the Relevant Date: i.e., Rs. 189.64/- (Rupees One Hundred and Eighty-Nine and Paise Sixty-Four only) per Equity share;

- (b) 10 (ten) trading days volume weighted average price (VWAP) of the Equity Shares of the Company preceding the Relevant Date: i.e., Rs. 201.92/- (Rupees Two Hundred and One and Paise Ninety-Two only) per Equity share;
- (c) Floor price determined in accordance with the provisions of the Articles of Association of the Company. However, the Articles of Association of the Company does not provide for any method of determination for valuation of shares which results in floor price higher than determined price pursuant to SEBI ICDR Regulations.

Further, given that the Equity Shares of the Company have been listed for a period of more than 90 (ninety) trading days prior to the relevant date, the Company is not required to re-compute the issue price as per Regulation 164(3) of the SEBI ICDR Regulations, and therefore, the Company is not required to submit the undertakings specified under Regulations 163(1)(g) and 163(1)(h) of the SEBI ICDR Regulations.

Don Bosco Agri College students demonstrate modern farming techniques to farmers

Chennai, Apr 7: Final-year students of Don Bosco Agricultural College conducted a special technical demonstration for farmers in Nenuli village as part of their rural agricultural outreach program.

The aim of the event was to introduce farmers to modern agricultural practices and demonstrate how irrigation technologies can be used to enhance crop yield.

During the event, the students explained various techniques including:

Leaf Colour Chart (LCC) A tool that helps assess the nitrogen requirement of crops based on the color of their leaves, enabling accurate fertilizer application.

Mulching - A key farming method that helps retain soil moisture, control weed growth, and protect groundwater resources.

Drope Technology - Used for spraying fertilizers and pesticides, assessing land conditions, and monitoring crop growth.

A highlight of the event was the direct interaction between the

students and farmers, during which each technique was demonstrated practically and explained in detail.

The participating farmers expressed that learning about such modern techniques was highly beneficial to them. They also requested that similar training programs be conducted regularly in the future.

This initiative, the organizers said, fosters scientific collaboration between students and farmers, opening new pathways for rural agricultural development.

In accordance with regulation 166A(1) of the SEBI ICDR Regulations, the Company is not required to obtain a valuation report from an independent registered valuer since the proposed Preferential Issue is not expected to result in a change in control or allotment of more than 5% (five per cent) of the post issue fully diluted share capital of the Company. Additionally, the Company being a listed company is also exempted by rule 13(1) of the Companies (Share Capital and Debentures) Rules, 2014 from undertaking valuation of its shares. - (c) Floor price determined in accordance with the provisions of the Articles of Association of the Company. However, the Articles of Association of the Company does not provide for any method of determination for valuation of shares which results in floor price higher than determined price pursuant to SEBI ICDR Regulations.

Further, given that the Equity Shares of the Company have been listed for a period of more than 90 (ninety) trading days prior to the relevant date, the Company is not required to re-compute the issue price as per Regulation 164(3) of the SEBI ICDR Regulations, and therefore, the Company is not required to submit the undertakings specified under Regulations 163(1)(g) and 163(1)(h) of the SEBI ICDR Regulations.

If the Company is required to re-compute the price then it shall undertake such re-computation and if the amount payable on account of the re-computation of price is not paid by the Proposed Allottees within the time stipulated in the SEBI ICDR Regulations, the Equity Shares proposed to be issued pursuant to this resolution would be continued to be locked in till the time such amount would have paid by the Proposed Allottees.
