DEAR SIR,

Sub: Outcome of the Board Meeting

Ref: Regulation 30 read with Schedule III of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

With reference to the above captioned subject, the Board of Directors at its Meeting held on Monday, January 19, 2026, has inter-alia considered and accorded its in-principle approval for the proposal of Amalgamation/Merger of the Planetfirst Green Private Limited - the Associate Company (“**Planetfirst**”), with and into POCL Enterprises Limited (“**POEL**”) in terms of the provisions of section 230 to 232 of the Companies Act, 2013 and other applicable laws.

The proposed Scheme of Amalgamation/Merger along with the Valuation Report from the Independent Registered Valuer and the fairness opinion from a SEBI Registered Merchant Banker, will be presented for consideration at the subsequent meeting of the Board of Directors. It is noted that the proposed Amalgamation/Merger along with the Scheme, if approved by the Board at the subsequent meeting, will be subject to receipt of all requisite approvals and shall be governed in accordance with the provisions of the Companies Act, 2013, and other applicable laws and regulations.

The proposed Amalgamation/Merger with Planetfirst, which is also engaged into the lead recycling business, is aligned with the Company’s strategic objective of boosting resource efficiency and expanding our market share in lead business. This will facilitate the leveraging of combined product offerings and marketing and distribution strengths across domestic and international markets. Further, this strategic integration is anticipated to generate significant operational synergies, strengthen competitive position, and support the expansion of the supply chain product offerings, especially in the western India through the Planetfirst’s existing business unit in Surat, Gujarat, which in turn will allow POEL to serve customers in that region more efficiently and increase its reach in important industrial markets. Ultimately, this is expected to drive sales growth and enhance the Company’s overall profitability.

The detailed disclosure with respect to the proposed Amalgamation/Merger, as required under Regulation 30 read with Schedule III – Para A of Part A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with the SEBI Circular No. SEBI/HO/CFD/POD2/CIR/P/0155 dated November 11, 2024, is not being provided at this stage as the proposal is presently at a preliminary stage and is yet to receive final

approval from the Board. The same shall be submitted upon final approval of the said proposal and the Scheme of Amalgamation/Merger by the Board of Directors at the subsequent Board Meeting.

The Board Meeting commenced at 1:00 p.m. and concluded at 2:15 p.m.

This is for your information and record.

Thanking You,

Yours faithfully,

Soulful music presentation

Chennai Feb 11: The Avadhut Spiritual and Cultural Foundation enthralled audiences with a soulful musical presentation, earning widespread appreciation at events organised by the Tennessee Kannada Koota, Marathi Mandal and the Shree Sai Baba Temple.

The programme opened on a powerful spiritual note with a moving rendition of the Shiva Tandava Stotram, performed with devotion and precision by students under the guidance of their music teacher, Bhairavi Dandapani. The performance set an auspicious and reverent tone for the evening.

This was followed by an engaging Carnatic fusion segment and a selection of traditional Diwali bhajans, where classical Carnatic music was seamlessly blended with contemporary elements. The

segment showcased the students' versatility, discipline, and strong musical grounding.

The performances drew enthusiastic applause from organisers and attendees alike, reflecting both the dedication of the students and the

quality of mentorship behind the programme. The event stood as a testament to the timeless appeal of Carnatic music and its power to bridge generations while preserving cultural heritage.

Book on Child Rights launched

Chennai, Feb 11: A powerful book highlighting the harsh realities faced by vulnerable children within India's social and legal systems was launched in Chennai on Saturday.

Titled 'Help! Can You Hear Us?' - Navigating Societal Fault Lines with Children, the book is authored by veteran child rights advocate and Relief Foundation founder Vidya Shankar Chakravarthy. Drawing on over three decades of work within the Juvenile Justice system in Tamil Nadu, the book presents first-hand accounts of children in conflict with the law and those in need of care and protection, underscoring the human cost of systemic failures.

The launch featured a fireside discussion between the author and Chief Guest Dr. S. Muralidhar, Senior Advocate and former Chief Justice of the Orissa High Court, moderated by biographer Vasanti Sundaram, followed by

speaking interaction. Speaking at the event, Chakravarthy said the book seeks to urge society to truly see, hear, and protect children. Dr. Muralidhar described the book as a must-read that stresses empathetic

listening and proactive action for safeguarding children's futures.

The event drew legal professionals, educators, social workers, and concerned citizens, sparking dialogue on child safety, justice, and reform.

Border: Where cricket met philosophy

Dr. Ravi Chaturvedi

The three-day journey to Tripura unfolded like a slow-moving poem, each stanza revealing layers of memory, ambition, and introspection. Though officially centered on cricket, the visit transformed into something far deeper, an exploration of identity, borders, and the silent universality of nature.

Meeting Manik Saha, the visionary Chief Minister of the ancient Kirat Desh, a land whose echoes resound from the pages of the Mahabharata, provided the journey with intellectual gravitas. Amid the demands of governance and political engagements, Saha generously spared nearly half an hour to listen to a dream shaped by decades of cricketing devotion: a project proposing that Test-playing nations name their teams after endangered animals rooted in folklore and mythology. It was a concept of marrying sport with conservation, memory with responsibility.

The discussion transcended policy: it became a conversation about heritage. Cricket, after all, is not merely a game in India, it is a cultural language capable of carrying symbolism across generations.

While UNESCO and World Wide Fund (WWF) for Nature have extended their appreciation to Dr. Ravi Chaturvedi's visionary international initiative - the naming of cricketing nations after their endangered animals - the project itself emerges as far more than a symbolic gesture. It stands as an ethical bridge between sport and stewardship, transforming the

Dr. Ravi Chaturvedi with Tripura CM Manik Saha

language of competition into a vocabulary of coexistence.

Rooted in the belief that cricket transcends boundaries of geography and ideology, the initiative reimagines teams not merely as representatives of nations but as custodians of fragile ecosystems. By invoking endangered species as living emblems, the project imbues the cricketing arena with a deeper moral resonance - reminding players, spectators, and policymakers alike that the fate of humanity and the natural world is inseparable.

The recognition by global institutions reflects the project's profound ethos; that peace is nurtured not only through diplomacy but through shared responsibility for the Earth. In this framework, every match becomes a quiet manifesto - a celebration of biodiversity, a call for environmental guardianship, and a symbolic dialogue between cultures seeking harmony rather than rivalry.

Through this imaginative convergence of sport and conservation, Dr. Chaturvedi's vision elevates cricket from a game into a moral narrative - where the roar of endangered wildlife echoes alongside the applause of stadiums, and where international understanding grows not through confrontation, but through collective reverence for life itself. The ball is in the court of the Board of Control for Cricket in India (BCCI) and International Cricket Council to come forward adopt and support it comprehensively.

Yet the most touching part of the meeting emerged when

the narrative shifted from ideas to personal history. The Chief Minister listened attentively as the journey of a pioneer Hindi cricket commentator recounted a path that began in the humble village of Dalip Nagar in Uttar Pradesh's Kanpur district. The story moved through time to Delhi's Mall Road in 1945, where a young boy joined the joint family of his elder brother Rajendra Nath, employed in the Directorate of Marketing & Inspection under the Ministry of Agriculture.

The colonial-era surroundings, where British officers occupied adjoining bungalows and cricket dominated the nearby grounds, created an atmosphere that shaped a child's destiny. For seven-year-old Ravi, cricket was not an imposed discipline but a natural initiation, a baptism into rhythm, patience, and imagination.

From school tournaments to college rivalries and club cricket adventures, the sport became an enduring romance. The French biologist Jean Baptiste Lamarck's theory, often dismissed in modern biological discourse, seemed paradoxically relevant here. Environment, indeed, had sculpted an identity. The cricketing ambience of Mall Road transformed curiosity into passion, passion into vocation, and vocation into legacy.

But the emotional climax of the journey arrived not in conference rooms or cricket grounds, but at the India-Bangladesh border near Agartala and Akhaura.

Jharkhand tribal fest begins

The historic Hijla Mela Mahotsav commenced with grandeur and traditional fervour on Friday along the sacred banks of the Mayurakshi River in Dumka district. The week-long state tribal fair, which traces its origins back to 1890, once again brought alive the rich cultural heritage, faith and traditions of the tribal communities of Jharkhand.

The celebrations began with a vibrant procession featuring men and women in colourful traditional attire, carrying indigenous musical instruments and showcasing tribal pride and identity. The atmosphere resonated with rhythmic beats and folk melodies, reflecting the cultural heartbeat of the region.

Prior to the formal inauguration, rituals and prayers were performed at the Manjhi Than located within the fair premises, symbolising gratitude towards ancestral traditions and community roots. The village head of Hijla formally inaugurated the fair by cutting the ribbon, while Dumka Sub-Divisional Officer Kaushal Kumar hoisted the flag to mark the official commencement of the event. Guests were welcomed in traditional style with ceremonial turbans.

Students from various schools presented cultural performances, including folk dances and songs, captivating the audience with a blend of youthful energy and age-old traditions. The event highlighted the seamless integration of heritage and modernity. Deputy Commissioner Abhijeet Sinha described the 136th edition of the Hijla Mela as not merely an annual event but a living symbol of the region's vibrant tribal legacy. He stated that the fair represents a unique confluence of antiquity and modernity, where centuries-old customs coexist with improved infrastructure and contemporary arrangements.

He noted that extensive preparations have been made to ensure safety, sanitation, traffic management, drinking water supply and other essential facilities for visitors. He added that the administration aims to promote the fair at

national and international levels so that the rich tribal identity, art and lifestyle of the region gain wider recognition.

The seven-day festival will feature agricultural exhibitions and departmental stalls, offering insights into traditional farming practices, government schemes and modern technological advancements. Zila Parishad Chairperson Joyce Besra said the fair is a celebration of identity and cultural pride, and an important platform for

artists, artisans and rural talents of Santhal Pargana. She urged youth to stay away from social evils such as substance abuse and instead embrace education as a path towards empowerment and development.

The Hijla Mela, which will continue till February 20, stands as a vibrant confluence of tradition, nature and progress, drawing large crowds and reaffirming the enduring spirit of Jharkhand's tribal culture

US Consulate in Chennai hosts US-India Space Business Forum to boost space coop

Chennai, Feb 14: The U.S. Consulate General Chennai, with support from the U.S.-India Strategic Partnership Forum, hosted the U.S.-India Space Business Forum in Bengaluru last week, marking the flagship event of the first U.S. Trade Mission to India focused on the commercial space sector. The mission brought together 23 executives from 14 leading American space companies, representing a major step forward in bilateral commercial space cooperation.

The trade mission was organised by the U.S. Department of Commerce and the Business Council for International Understanding, convening more than 200 government and industry participants from both countries. The two-day forum focused on key priorities of the U.S.-India Commercial Space Sub-Working Group, including market access, government procurement, foreign direct investment reforms and export controls, while also strengthening business-to-business engagement and policy alignment.

U.S. Ambassador Sergio Gor highlighted the growing partnership between the two countries, noting that the forum reflected the strategic strength of U.S.-India

relations and their shared commitment to innovation and commercial growth in the space sector. He emphasised that American companies continue to lead global advancements in space technology and that India remains a vital partner in expanding collaborations.

Companies participating in the mission included Amazon, Axiom Space, Apex, BlackSky, Elve, Kayhan Space, Park Aerospace, Planet Labs, Resecurity, SpaceX, Vast Space, Umbra Space, Viasat and Vantor.

Following the forum, the delegation is scheduled to travel to New Delhi to engage with Indian government and industry stakeholders and explore partnerships, joint ventures and market-entry opportunities. As only the second space-focused trade mission organised by the U.S. Department of Commerce - and the first of its kind to India - the initiative underscores growing momentum in U.S.-India collaboration within the global commercial space economy.

d.	Rationale for amalgamation / merger.	<p>The reasons and circumstances leading to and justifying the proposed Scheme of Amalgamation of the Transferor Company with and into the Transferee Company, which makes it beneficial for all the concerned stakeholders, including shareholders, creditors, and employees of the Transferor Company and Transferee Company, are as follows:</p> <p>(i) While POEL (Transferee Company) is an integrated manufacturer of lead metals and metallic oxides, PGPL (Transferor Company) is a specialized lead recycling and refining unit. This creates strong complementarities that support and justify the proposed merger.</p> <p>(ii) The amalgamation will enable POEL (Transferee Company) to expand its operations into Western India through PGPL's (Transferor Company's) existing business unit in Surat, Gujarat. This in turn will allow the combined businesses to serve customers in that region more efficiently and increase its reach in important industrial markets.</p> <p>(iii) The amalgamation will create a vertically integrated business structure that ensures secure, reliable, and cost-stable access to recycled metal inputs by integrating PGPL's (Transferor Company's) recycling and refining operations with POEL's (Transferee Company's) manufacturing processes, which in turn will also minimize supply disruptions, strengthen control over the entire production cycle, enhance operational continuity, and support better long-term planning and optimized capacity utilization across the business units. This will position the combined business on a strong pedestal while dealing with increasingly complex business future.</p> <p>(iv) The amalgamation will facilitate better, efficient and economical management, control and running of the combined businesses, and further development and growth of the business of the Transferee Company.</p> <p>(v) The amalgamation will result in economies of scale, effective co-ordination with better control including but not limited to efficient utilisation of capital, cash and debt management of the combined entity and unfettered access to cash flow generated by the combined businesses.</p>
e.	In case of cash consideration – amount or otherwise share exchange ratio.	<p>There is no cash consideration involved in the Scheme.</p> <p>Upon the Scheme coming into effect and in consideration of the Amalgamation of the Transferor Company with and into the Transferee Company, the Transferee Company shall, without any further application, act, consent, instrument or deed, issue and allot, its equity shares, credited as fully paid up, as per the Share Exchange Ratios provided in the valuation report dated March 16, 2026 issued by Mr. N V Subbarao Kesavarapu, Registered Valuer having IBBI Registration No. IBBI/RV/02/2019/12292 and holding Certificate of Practice issued by ICAI Registered Valuer Organisation for the Transferee Company and the Transferor</p>

Managing Director's Message

Dear Shareholders and Stakeholders,

FY 2025–26 was a year of both global uncertainty and strategic transformation for POCL Enterprises Limited. The geopolitical tensions arising from the Iran–US conflict led to supply chain disruptions, increased freight costs, and a sharp rise in crude oil prices, impacting overall operational costs across industries. Despite these external challenges, POEL delivered a strong financial performance during Q4 FY 2025–26, reflecting the resilience of our business model and operational discipline.

Sunil Bansal

For Q4 FY 2025–26, POEL reported revenue of INR 332.29 crores with EBITDA of INR 18.27 crores and PAT of INR 9.70 crores. For the full year, the Company achieved revenues of INR 1,431.69 crores (INR 1450.10 crores in FY 24–25) and PAT of INR 39.61 crores (INR 31.18 Crores in FY 24–25), while net profit margins improved from 2.15% to 2.76%, demonstrating continued improvement in operational efficiency and profitability.

During Q4, our Lead Alloying & Refining facility at Maraimalai Nagar underwent a major modernization and infrastructure upgrade, resulting in a planned shutdown of approximately 25 days. This temporarily impacted sales during the quarter; however, the facility is now fully operational with improved efficiencies, optimized processes, and enhanced environmental compliance standards.

Managing Director's Message

A major highlight of the year has been the performance of our associate company, Planetfirst Green Private Limited, which achieved a turnover of approximately INR 245 crores during FY 2025–26 with effective operations of only around seven months and has turned the company profitable. The company also successfully expanded its lead refining capacity from 21,000 MTPA to 37,500 MTPA, positioning it strongly for future growth.

While POEL's standalone year-on-year revenue remained stable, it is important to recognize the long-term strategic value created through our investment in Planetfirst. The Board has approved the proposed merger of Planetfirst with POEL, subject to regulatory approvals. With the expanded capacities becoming fully operational, we anticipate Planetfirst generating annual revenues of approximately INR 700 crores in FY 2026–27, which could potentially increase POEL's topline by nearly 50%. We also expect overall net margins to improve to approximately 4% in the upcoming financial year.

Looking ahead, POEL remains committed to expanding its presence across the non-ferrous metals sector and is actively pursuing diversification opportunities in Copper, Tin, and other value-added metal segments to drive long-term sustainable growth.

We sincerely thank our shareholders, customers, employees, bankers, and business partners for their continued trust and support.
